ONE DAY WORKSHOP

CUSTOM FIT AND FABULOUS: CREATE A SIMPLE UNSTRUCTURED JACKET PATTERN, CUSTOM FIT TO YOU

No more one-size-fits-all, or clothes from rectangles! Using a time-tested classic unstructured jacket pattern, students will learn to custom fit for their individual figures. Some simple flat pattern and drafting skills will be taught in this workshop. Expect to leave with a finished pattern and directions to make a fabulous yet easy jacket from your hand-woven fabric.

Students can expect to leave the class with a finished pattern custom fit for their individual figures. The pattern translates well into

hand-woven fabric and can be the springboard for many exciting and more elaborate designs.

ALL LEVELS ARE WELCOME
